Subject: EPA Animal Ag Assessments
Attachments: Maryland Animal Agriculture Program Assessment_FinalReport_EMBARGOED.PDF

Ben,

Attached please find an EMBARGOED copy of EPA's Animal Agriculture Program Assessment. This week, we shared a marked-up version of the embargoed report with your staff which reflects the final refinements we made to the report based on your staff's review. We will send out the press release and post the report on our website on Monday, August 31st at:

<http://www.epa.gov/reg3wapd/tmdl/ChesapeakeBay/EnsuringResults.html> (Click on the Agriculture tab)

Again, we want to thank you for the time that you and your staff put into ensuring we reflected an accurate accounting of your program. We look forward to our continued work with you to ensure that you have strong and effective state programs that help meet our shared Chesapeake Bay water quality goals.

Thank You - Shawn
